**SCP-FSS-002 SPECIFIC PROPOSAL SUBMISSION
INSTRUCTIONS (JUN 2009)**

(a) Section I *Administrative/Contract Data*:

(1) Offeror must submit a copy of the certificate signifying that one of its current employees, who is an authorized negotiator for this offer, has completed the "Pathway to Success" training within the past year. "Pathway to Success" training is available through the Vendor Support Center website at <http://vsc.gsa.gov>. Click on the tab "Vendor Training" to access this free, web based training. The training session is less than two hours total and covers the major factors your organization should consider prior to submitting an offer to GSA.

(2) Your offer may be submitted either electronically by eOffer (<http://eoffer.gsa.gov>) or paper proposal. The most recent refresh of this solicitation can be viewed on FedBizOpps. Submissions of previous versions received more than thirty (30) calendar days after the issuing date of this version will be rejected.

(i) If using the eOffer system, it is NOT necessary to submit a signed copy of the SF1449 or other signatures that may be required in the solicitation document, because a digital certificate is required to submit an eOffer. Completing an eOffer through the eOffer system will constitute a signature wherever signature is required in this solicitation regardless of whether or not an electronic signature is present on the document requiring a signature. If submitting an eOffer, the offer must include the SF1449, the Vendor Information document (fill-in responses to the Vendor Response Document, GSA required attachments, and offeror's "optional" attachments (defined as any other information submitted by the offeror, not already a part of the requirements and instructions defined by the Government).

(ii) If submitting a paper proposal, the offer must include an original and an electronic copy of the signed SF1449, the Vendor Response Document, GSA-required attachments, and offeror's "optional" attachments (defined as any other information submitted by the offeror, not already a part of the requirements and instructions defined by the Government). By signing and submitting the SF1449, the offeror agrees to the contract terms and conditions presented in Part II Contract Terms and Conditions of the solicitation, unless otherwise noted.

(3) If a consultant is being used during or after award, submit an agent authorization letter. See FedBizOpps Document 12 for sample letter.

(4) Offeror shall provide a complete copy of its current CCR and ORCA which includes applicable NAICS codes for services/products offered.

(5) Offeror shall provide a copy of any cancellation and/or rejection notice(s) your firm has received in the preceding two years from any previous GSA Schedule contracts or proposals.

(6) Offeror shall provide the contract number(s) and price lists of any other GSA Schedule contract(s).

(7) Offeror shall identify any pending offers under other GSA Schedules including the name and phone number of the contract specialist evaluating the offer.

(8) Offeror should not submit clauses Incorporated by Reference (IBR) document (FedBizOpps Document 5), which is the full text of all the clauses incorporated by reference.

(9) Unless otherwise requested, offerors should not submit brochures, newsletters, or other marketing materials.

(10) Elaborate artwork, expensive paper and bindings, and visual or other presentation aids are discouraged.

(11) Provide a copy of offeror's most current, complete, audited (if available) two years of financial statements (at a minimum, balance sheets and income statements). GSA uses balance sheet and income statement information to determine financial responsibility. NOTE: Do NOT submit tax returns. Provide an explanation for any negative financial information disclosed, including negative equity or income. You may be required to provide letters of credit or other documentation to demonstrate that adequate financial resources are available.

(12) Small Business Subcontracting Plan, if applicable The offeror shall prepare and submit a Small Business Subcontracting Plan if, pursuant to the applicable NAICS codes and size standards, it is determined to be other than a small business concern for purposes of this solicitation. Failure to submit a Small Business Subcontracting Plan when required will result in the rejection of your proposal. Large businesses, nonprofit organizations and educational institutions are advised of the requirement to submit a Small Business Subcontracting Plan (see Clause 552.219-72, incorporated by reference). The Government will review each plan to assure it is consistent with the provisions of this clause. Subcontracting plans are subject to negotiations along with the terms and conditions of any contract resulting from this solicitation. The offeror's subcontracting plan must be approved by the Contracting Officer prior to award. A sample outline that may be used in preparing a subcontracting plan is included as FedBizOpps Document 7 (ref. FAR 19.702).

GSA's subcontracting goals for Fiscal Year 2009 are:	
Category of Small Business	Goal % of Total Subcontracting Dollars
Small Business (total of all types)	37%
HUBZone	3%
Small Disadvantaged	6%
Women Owned	5%
Veteran Owned	5%
Service Disabled Veteran Owned	3%

(b) Section II *Technical Proposal*: The technical proposal is comprised of four factors Factor One (Corporate Experience), Factor Two (Relevant Project Experience), Factor Three (Past Performance) and Factor Four (Quality Control). All offers shall address these factors as instructed below. If the offeror is proposing multiple Special Item Numbers (SINs), they shall clearly identify each SIN with the corresponding technical information. Please provide a narrative for each of the following sections to demonstrate your company's capabilities in satisfying ALL underlying requirements listed below.

(1) Factor One Corporate Experience: Submit a two page (maximum) narrative describing the company's corporate experience in all services provided under this Schedule, regardless of the number of SINs being offered. Your company must have provided the type of professional services under this schedule to either a Government or Commercial entity for a minimum of two years. At a minimum, your narrative must include the following:

- (i) Organization's number of years of corporate experience in the services described in Part I of this solicitation.
- (ii) Organization's size, experience in the field, and resources available to enable the offeror to fulfill requirements.
- (iii) Brief history of the organization's activities contributing to the development of expertise and capabilities related to this requirement.

(iv) Information that demonstrates the offeror's organizational and accounting controls and manpower presently in house or the ability to acquire the type and kinds of personnel proposed.

(v) Describe/identify how you intend to market services to federal clients.

(vi) Discuss the use of subcontractors. If applicable, a letter of commitment is required to cover the term of the contract.

(2) Factor Two *Relevant Project Experience*:

(i) For each service SIN offered, the offeror must provide descriptions of two (2) projects. Each description must state the SIN to which it applies, and identify the specific services being proposed for that SIN.

(ii) The projects must either have been completed within the last two years or be ongoing. For ongoing contracts with a base year and option years, at a minimum, the base year must have been completed; for multiyear task orders, at a minimum, the first year must have been completed.

(iii) The offeror must demonstrate that the tasks performed are of a similar complexity to the work solicited under each SIN. The offeror may provide the same project for more than one SIN as long as the description identifies which specific work relates to each SIN. All examples of completed services must have been found to be acceptable by the client. Project descriptions shall not exceed four (4) pages per project.

(iv) Each project description shall include the following customer reference information:

- (A) Customer/Client Name
- (B) Project Name/Contract Number
- (C) Customer Point of Contact for Project
- (D) POC's phone number and email
- (E) Project performance period (include months/years)
- (F) Dollar value of the entire project
- (G) Dollar value received for the work performed relevant to the SIN offered
- (H) Brief summary of the project as a whole (background, purpose, etc.)
- (I) A copy of the Statement of Work for the project; this does not count against the limitation of four pages per project.

(v) As applicable, each project description shall include a narrative account of the work performed that addresses the following elements:

- (A) Detailed description of SIN relevant work performed and results achieved
- (B) Methodology, tools, and/or processes utilized in performing the work
- (C) Demonstration of compliance with any applicable laws, regulations, Executive Orders, OMB Circulars, professional standards, etc.
- (D) Project schedule (i.e., major milestones, tasks, deliverables), including an explanation of any delays
- (E) How the work performed is similar in scope and complexity to that described in the Statement of Work (Part I of this solicitation)
- (F) Demonstration of specific experience and/or special qualifications detailed in the Statement of Work (Part I of this solicitation)

(vi) Substitution For Relevant Project Experience If project experience does not exist, the offeror may substitute relevant projects of predecessor companies or key personnel that will be performing major aspects of the work. If the offeror chooses to make such a

substitution, the narratives must clearly identify the entity or personnel that performed the services. This paragraph applies only to the following schedules:

- (A) 520 Financial and Business Services (FABS),
- (B) 738 II Language Services,
- (C) 738 X Human Resources and EEO Resources,
- (D) 69 Training Aids & Devices, Instructor LED Training, Test Administration, and
- (E) 03FAC Facilities Maintenance and Management.

(3) Factor Three *Past Performance*: The offeror shall order and obtain a Past Performance Evaluation from Open Ratings, Inc. (ORI). See FedBizOpps Document 6. Offerors are responsible for payment to ORI for the Past Performance Evaluation.

(i) Past Performance Evaluations are valid for a period of one year from date of issuance by ORI. The submission of an evaluation issued more than one year prior to the date of proposal submission will result in rejection of the proposal.

(ii) The offeror shall submit one (1) copy of the completed Past Performance Evaluation and one (1) copy of the order form (including information on up to 20 customer references) with its proposal. Failure to submit the order form and the completed evaluation with the offer will result in rejection of the proposal. A "customer reference" is defined as a person or company that has purchased services from your firm.

(iii) Offeror is advised to use references from projects involving services related to this solicitation and/or those performed under the appropriate NAICS code(s) related to services offered. If these references were not provided to ORI, please explain why.

(iv) The offeror shall address any negative feedback contained in the ORI report. Explain what actions your firm has taken to minimize the problems that resulted in negative feedback.

(4) Factor Four *Quality Control*: Submit one narrative regardless of the number of SINs offered, not to exceed two (2) pages, addressing each of the following items to demonstrate your firm's capabilities in satisfying ALL underlying requirements listed below.

(i) Describe the internal review procedures which facilitate high quality standards in the organization.

(ii) Identify the individuals who will directly supervise or review projects specifically regarding quality control.

(iii) State whether or not subcontractors are used and, if subcontractors are used, describe the quality control measures the offeror uses to ensure acceptable subcontractor performance.

(iv) Describe how your firm handles potential problem areas and solutions.

(v) Describe the procedures for insuring quality performance while meeting urgent requirements.

(vi) Identify the strategies your firm will implement to manage and complete multiple projects for multiple agencies simultaneously.

(c) Section III *Price Proposal*:

(1) GSA's pricing goal: Obtain equal to or better than the Most Favored Customer (MFC) pricing with the same or similar terms and conditions. The U.S. Government Accountability Office has specifically recommended that "the price analysis GSA does to establish the Government's MAS negotiation objective should start with the best discount given to any of the vendor's customers."

GSA seeks to obtain the offeror's best price based on its evaluation of discounts, terms, conditions, and concessions offered to commercial customers. If the MFC is a Federal agency, but sales exist to commercial clients, identify which, if any, of the commercial clients obtain the best price. This will allow the Government to establish a "basis for award" customer in accordance with the Price Reductions Clause 552.238-75, paragraph (a). The prices submitted represent fully burdened rates inclusive of all cost factors (e.g., direct labor, in direct labor, G&A, profit, and IFF).

(2) The offeror shall propose a pricing structure consistent with its commercial practices and provide supporting documentation (See paragraph (12) below). Pricing shall be submitted and clearly identified as being based either on a "Commercial Price List" or on "Commercial Market Price," as defined in FAR 2.101 ("Catalog Price" and "Market Prices" under the definition of "Commercial Item"). Submit an electronic copy of the proposed pricing.

(i) As part of the Price Proposal: Offeror shall outline all services being proposed. At a minimum, the offeror should provide the following information:

- (A) SIN(s) proposed
- (B) Service/Product proposed
- (C) MFC/Best commercial customer
- (D) MFC/Best commercial customer price
- (E) Discount % offered to MFC/Best commercial customer
- (F) Discount % offered to GSA
- (G) Prices offered to GSA (excluding IFF)
- (H) Prices offered to GSA (including IFF)

(3) When training courses are offered, pricing will include the following information:

- (i) (A) Title and brief description of the course, including major course objectives
- (B) Length of course (number of hours/days)
- (C) Minimum/Maximum number of participants
- (D) Price for additional students above minimum (if applicable)
- (E) Support materials provided as part of the course (e.g., training manuals, CDs, DVDs)
- (F) Commercial price of course ("N/A" if offering market based prices)
- (G) Discount % offered to GSA ("N/A" if offering market based prices)
- (H) Price of course offered to GSA (excluding IFF)
- (I) Price of course offered to GSA (including IFF)

(ii) Note: These descriptions will become part of the GSA Authorized Price List if a contract is awarded, and must be posted on GSAATM *Advantage!*. Submit an electronic copy of the description of each course offered.

(4) The offeror may propose separate rates for "domestic" and "overseas" services based on the application of variations in their indirect costs, depending upon where the services are performed. Two sets of rates are not required. In the event two sets of rates are offered, the offeror must identify which are considered "domestic" rates and which are considered "overseas" rates.

(5) The offeror may propose separate rates for "customer facility" and "contractor facility" (also known as "offsite/onsite"), based on the application of variations in its indirect costs depending upon where the services are performed. Two sets of rates are not required. In the event two sets of rates are offered, the offeror must identify which is for work at the "customer facility" (i.e., the ordering activity/agency) and which is for work at the "contractor facility."

(6) Offeror is required to include a 0.75% Industrial Funding Fee (IFF) in the prices submitted

with their offer (See contract clause 552.23874, Industrial Funding Fee and Sales Reporting). The fee will be included in the awarded prices and reflected in the total amount charged to ordering activities.

- (7) (i) When pricing is based on a Commercial Price List (CPL), submit two copies of the company's current dated CPL/Standard Rate Sheet (this is a stand alone document that was not prepared for this solicitation). Submit proposals for the base year only. Pricing based on the CPL are subject to the Economic Price Adjustment Clause at 552.21670.

OR

- (ii) Pricing based on Commercial Market Prices are subject to the Economic Price Adjustment Clause, I-FSS-969. If offering market pricing in accordance with Clause I-FSS-969, the offeror must propose a fixed rate of escalation or identify an economic indicator such as the Bureau of Labor Statistics Employment Cost Index.

(8) For each proposed labor category, the offeror shall provide a detailed position description. Position descriptions must include functional responsibilities, minimum years of experience, minimum educational/degree requirements, and any applicable training or certification requirements. If it is the firm's standard commercial practice to substitute experience for education, explain the methodology in use (e.g., five years experience equates to a BA/BS degree). These descriptions will become part of the GSA Authorized Price List if a contract is awarded, and must be posted on GSAAvantage!™. Submit an electronic copy of the labor category descriptions and minimum education and minimum experience requirements for each labor category.

(9) Travel will be handled in accordance with clause C-FSS-370. Costs for transportation, lodging, meals and incidental expenses incurred by the contractor are allowable subject to the limitations contained in the Federal Travel Regulations and/or Joint Travel Regulations. They should not be included in the offered prices and will be considered at the task order level.

(10) The Commercial Sales Practices Format (CSP) must be completed in accordance with the Commercial Sales Practices Instructions, demonstrating comparative pricing with your best customer(s). A general explanation of the circumstances and frequency of deviations from your standard commercial practices is required [see Clause 552.212-70, Preparation of Offer (Multiple Awards Schedule)]. A separate CSP must be completed for each pricing structure proposed. Provide a rationale for the estimated GSA contract annual sales (CSP).

(11) The offeror shall include a detailed narrative containing sufficient information for each of the services offered to enable the Contracting Officer to determine that offered prices are fair and reasonable. For example, if a price offered to GSA is not equal to or better than the price offered to the firm's designated Most Favored Customer, the narrative must fully explain the offeror's rationale for proposing such a rate as well as demonstrate why the GSA price is still fair and reasonable. Any deviation from an offeror's commercial sales practices must be explained, including the circumstances surrounding and frequency of the deviations.

(12) The offeror must provide supporting pricing documentation for EACH proposed service/product (e.g. each labor category, percentage based fee, etc.). Supporting pricing documentation may consist of copies of invoices, contracts, quote sheets, etc. and MUST be included in the Offer. There must be a clear and relevant relationship between the supporting document and the proposed price it is meant to substantiate. Each supporting document must be labeled with the name of the corresponding proposed labor category, service, etc.

(13) If offering professional services (as defined by 29 CFR 541), offeror MUST submit a Professional Compensation Plan setting forth salaries and fringe benefits proposed for the professional employees who will work under the contract in accordance with Clause 52.222-46 Evaluation of Compensation for Professional Employees. Individual compensation disclosure is not required. Submission of general compensation practices often printed in an employee handbook is sufficient.

(14) If offering professional or technical services, submit a copy of the offeror's policy that addresses uncompensated overtime in accordance with Clause 52.237-10 Identification of

Uncompensated Overtime.

(15) Repair and Alterations (R&A): Applicable to the solicitation NA: Information for offering R&A is located in PART I. Clauses specific to R&A are located in a separate FedBizOpps document.

(16) Service Contract Act: Applicable to this-solicitation (Service Contract Act 52.222-41, and related clauses 52.222-42, 52.222-43, and 52.222-49)

(i) The Service Contract Act (SCA) applies to all nonprofessional services to be provided under this schedule except for any pricing offered for service outside of the United States. The SINs to which the SCA applies are identified elsewhere in the solicitation. The SCA index of applicable wage determinations for this solicitation and resultant contract are shown in FedBizOpps document "SCA Index of Wage Determinations." The full text version of each wage determination can be viewed at www.wdol.gov. Some of the proposed labor categories may be subject to the SCA (usually nonprofessional categories). As such, it is important that the offeror verifies that its proposed base rates and fringe benefit rates for these labor categories meet or exceed the SCA wage determination rates and fringe benefits for the areas where the offeror expects to perform the majority of work under the contract.

(ii) A contract must meet only the base rate and fringe benefit rate requirements in the SCA Wage Determination (WD) Revision Number currently incorporated into the GSA Contract. The WD Revision Number in the GSA contract takes precedence over any WD Revision Number an agency incorporates into an RFQ at the Task Order Level. Contractor cannot increase its GSA contract prices at the Task Order Level as a result of accepting a WD Revision Number at the Task Order Level that differs from the WD Revision Number currently incorporated to the Contractor's GSA contract.

(iii) Identify the SCA wage determination(s), including determination number, revision date, state and counties that were used to determine that the rates offered are in compliance. The revision numbers of the wage determinations listed in the solicitation index of wage determinations should be used in the comparisons.

See the sample below for how labor categories subject to the SCA are to be submitted as part of the GSA proposal. Labor category titles and rates are shown for example purposes only.

Labor categories	Hourly Rate
Principal	\$100.00
Engineer	\$80.00
Secretary**	\$20.00
Scientist	\$80.00
Driver**	\$25.00
Engineering Technician**	\$26.00
Administrative Assistant**	\$18.00
**Indicates SCA eligible categories. See the SCA Matrix following the price list for additional information regarding these labor categories.	

(iv) The following paragraph is meant to be instructive and NOT to be copied as part of the proposed GSA price list.

For all the identified SCA eligible labor categories, map the SCA equivalent labor category title (titles/descriptions available at <http://www.wdol.gov>. Click on the "library" link, then download the SCA Directory of Occupations, 5th Edition). Also identify the WD# that the labor categories in your offer are predicated on. Note that the applicable revision number for any Wage Determination number is the revision number identified in the solicitation index of wage determinations.

(v) Utilize the following spreadsheet format (labor categories shown are for example purposes):

SCA Matrix		
SCA Eligible Contract Labor Category	SCA Equivalent Code Title	WD Number
Secretary	01115 General Clerk I	052059
Driver	31361 Truck driver, Light Truck	052059
Engineering Technician	29081 Engineering Technician I	052059
Administrative Assistant	01011 Accounting Clerk I	052059

(vi) Insert the following language below the above SCA matrix and insert both (matrix and language) at the end of the proposed GSA price list.

"The Service Contract Act (SCA) is applicable to this contract and it includes SCA applicable labor categories. The prices for the indicated (**) SCA labor categories are based on the U.S. Department of Labor Wage Determination Number(s) identified in the SCA matrix. The prices offered are based on the preponderance of where work is performed and should the contractor perform in an area with lower SCA rates, resulting in lower wages being paid, the task order prices will be discounted accordingly."

(vii) (A) There are three methods for determining price adjustments of Service Contract Act (SCA) eligible labor categories ONLY. The offeror will be required to select one method for the life of the contract.

(1) Method 1: Price Adjustment for the base contract period and all options exercised shall be in accordance with clause 52.222-43, Fair Labor Standards Act and Service Contract Act Price Adjustment (Multiple Year and Option Contracts). When a modification is issued to all contract holders incorporating a revised index of wage determinations, contractors shall notify the Contracting Officer of any increase/decrease claimed under clause 52.222-43 within 30 calendar days after receipt of the modification.

(2) Method 2: An escalation method is negotiated prior to award in accordance with the clause I-FSS-969, Economic Price Adjustment FSS Multiple Award Schedule, utilizing any of the methods available in the solicitation under that clause.

(3) Method 3: When the offered prices are based upon a commercial price list, then only revisions in the commercial price list will enable the contractor to revise prices. They will only be allowed increases in accordance with clause 552.216-70, Economic Price Adjustment FSS Multiple Award Schedule Contracts.

(B) Regardless of the method used ,contractor must ensure that within 30 calendar days after the effective date of any modification to revise pricing based on changes in the applicable wage determination(s), the electronic catalog is updated on GSAAdvantage!TM.

(viii) Note 1: The contractor will not automatically be allowed an increase in prices based solely on new wage determinations.

(ix) Note 2: Reference Code of Federal Regulations, Title 29, Labor, Subtitle A Office of the Secretary of Labor, Part 4 Labor Standards for Federal Service Contracts, Subpart D Compensation Standards, paragraph 4.161 Minimum monetary wages under contracts exceeding \$2,500, which states: "No change in the obligation of the contractor or subcontractor with respect to minimum monetary wages will result from the mere fact that higher or lower wage rates may be determined to be prevailing for such employees in the locality after the award and before completion of the contract."

Part I - GOODS & SERVICES

AS OF JANUARY 18, 2010 THE GREATER SOUTHWEST ACQUISITION CENTER'S SCHEDULE 736 PROGRAM WILL ONLY ACCEPT CONTRACTOR INITIATED MODIFICATION REQUESTS VIA THE GSA EMOD SYSTEM.

THE FOLLOWING LINK WILL PROVIDE GUIDANCE ON UTILIZING THE EMOD SYSTEM, OBTAINING DIGITAL CERTIFICATES, AND USING THE EMOD TRAINING GUIDE: <http://eoffer.gsa.gov>.

HARD COPY RESPONSES FOR MODIFICATIONS WILL NO LONGER BE ACCEPTED AS OF JANUARY 18, 2010.

SCOPE OF SCHEDULE 736. TEMPORARY ADMINISTRATIVE AND PROFESSIONAL STAFFING (TAPS) SERVICES

OVERVIEW:

Under the GSA Schedules Program (also referred to as Multiple Award Schedules and Federal Acquisition Schedules), GSA establishes long-term government-wide contracts with commercial firms to provide access to over four million commercial services and products. These can be ordered directly from GSA Schedule contractors or through the GSA Advantage! On-line shopping and ordering system.

PURPOSE:

The purpose of this Multiple Award Schedule 736 for Temporary Administrative and Professional Staffing (TAPS) Services is intended to provide Federal agencies with a temporary solution i.e. staff augmentation, which would allow agencies to quickly respond to changing staffing requirements that arise when critical projects temporarily warrant more assistance or when key staff members are unavailable for work due to emergency, accident, illness, family responsibilities, jury services, etc. Services furnished by temporary help firms shall be performed by their employees who shall not be considered or treated as Federal employees for any purpose, shall not be regarded as performing personal service, and shall not be eligible for civil service employee benefits, including retirement. Positions can be filled for an initial 120 workday basis with the ability to extend for an additional 120 days, not to exceed 240 days. Examples of positions that may be filled using this schedule include, but are not limited to the following: administrative assistant, personal computer support technician, fork lift operator, library aide/clerk, engineering technician, etc.

SCOPE OF SERVICES:

This solicitation is for commercial temporary, administrative and professional staffing services to be provided on a "temporary or contingent" basis (Task Orders are not to exceed 240 workdays). The Government contemplates award to private sector temporary help service establishments. A temporary help service firm is a private sector entity which quickly provides other organizations with specific services performed by its pool of employees, possessing the appropriate work skills, for brief or intermittent periods. For this solicitation it should be for NAICS Code 561320. The firm is the legally responsible employer and maintains that relationship during the time its employees are assigned to a client. The firm, not the client organization, recruits, tests, hires, trains, assigns, pays, provides benefits and leave to, and as necessary, addresses performance problems, disciplines, and terminates its employees. Among other employer obligations, the firm is responsible for payroll deductions and payment of income taxes, social security (FICA), unemployment insurance, and workers' compensation, and shall provide required liability insurance and bonding.

This solicitation will not to be used to solicit for facilities management, consultant, counseling, management, supervision, team lead, project management, business improvement, programming, design, health occupations, engineering services, financial audits, legal services, training, IT system integration, network services, software or software development, database planning, marketing, media, human resources, construction, alteration or repair of building structures, or other real property type contracts. Tasks may vary depending upon the assignment, i.e., assignments may require specialized knowledge of current commercially available software packages for word processing, electronic calendars, cc-mail or e-mail, spreadsheets, electronic forms, etc.

As shown in the Schedule of Items section, Geographic Coverage Requirements, Contractors are required to show area(s) they wish to service. Periodic adjustments to the rates are subject to clauses 552.216-70 (Economic Price Adjustment—FSS Multiple Award Schedule Contracts) (Alternate I), 52.222-43 Fair Labor Standards Act and Service Contract Act - Price Adjustment (Multiple Year and Option Contracts), and 552.238-75 (Price Reductions).

NOTE 1: Personal Services Contracts as defined in FAR 37.101 and FAR 37.104 are strictly prohibited. Agencies are prohibited from utilizing service contracts to augment government staff. A contractor is equally prohibited from knowingly offering to supplement government staff by engaging in a personal services contract/task order.

NOTE 2: Architect-Engineering (A/E) Services as that term is defined in FAR 36.601-4 are excluded from the Schedules Program. If the agency's statement of work, substantially or to a dominant extent, specifies performance or approval by a registered licensed architect or engineer for services related to real property, the Brooks Architect-Engineers Act applies and such services must be procured in accordance with FAR Part 36. Use of this schedule for Brooks Act architectural or engineering services is not authorized.

The Contractor shall initiate work only when directed by a Task Order and which has been signed by a Contracting Officer from the ordering agency.

ORDERING PROCEDURES FOR SERVICES:

Orders placed against a GSA Multiple Award Schedule (MAS) contract, using the procedures under Federal Acquisition Regulation (FAR) 8.4, are considered to be issued under full and open competition (see FAR 6.102(d)(3)). Ordering offices do not need to seek further competition, synopsise the requirement, or make a separate determination of fair and reasonable pricing. By placing an order against a GSA Schedule contract using the procedures in this section, the ordering office has concluded that the order represents the best value and results in the lowest overall cost alternative to meet the government's needs.

OTHER PERTINENT INFORMATION RELEVANT TO TEMPORARY SERVICES

Note: The Code of Federal Regulations (CFR) contains regulatory restrictions on the use of private sector temporaries by Federal agencies.

OFFICE OF PERSONNEL MANAGEMENT (OPM) REGULATIONS ON THE USE OF PRIVATE SECTOR TEMPORARIES

Conditions for use:

An agency may use private sector temporary help when one of the following short-term situations exists:

1. An employee is absent for a temporary period because of a personal need including emergency, accident, illness, parental or family responsibilities or mandatory jury service.
2. An agency must carry out work for a temporary period that cannot be delayed in the judgment of the agency because of a critical need.

These services shall not be used:

1. In lieu of the regular recruitment and hiring procedures under the civil service laws for permanent appointment in the competitive civil service.
2. To displace a Federal employee.
3. To circumvent controls on employment levels.

4. In lieu of appointing a surplus or displaced Federal employee as required by 5 CFR part 330, subpart F (Agency Career Transition Assistance Plan for Displaced Employees) and subpart G (Interagency Career Transition Assistance Plan for Displaced Employees).

Time limitations:

An agency may use a temporary help service firm(s) in a single situation, as defined in 5 CFR part 300.504, initially for no more than 120 workdays. Provided the situation continues to exist beyond the initial 120 workdays, the agency may extend its use of temporary help services up to the maximum limit of 240 workdays.

An individual employee of any temporary help firm may work at a major organizational element (headquarters or field) of an agency for up to 120 workdays in a 24-month period. The 24-month period begins on the first day of assignment. An agency may make an exception for an individual to work up to a maximum of 240 workdays only when the agency has determined that using the services of the same individual for the same situation will prevent significant delay.

Facility Closure: Federal agencies should not pay temporary employees for services not rendered. Example of this would be if the Federal Facility which the temporary employee is scheduled to is closed, i.e. bad weather, executive leave granted etc.

See 5 CFR part 300, and the May 2, 1996 Federal Register for complete compliance requirements. Web Site for Code of Federal Regulations: <http://www.access.gpo.gov/nara/cfr/cfr-table-search.html>

552.211-15 Defense Priorities and Allocations System Requirements

(SEP 2004)*(a) Definitions.*

Approved program means a program determined to be necessary or appropriate for priorities and allocation support to promote the national defense by the Secretary of Defense, the Secretary of Energy, or the Department of Homeland Security Under Secretary for Emergency Preparedness and Response under the authority of the Defense Production Act, the Stafford Act, and Executive Order 12919, or the Selective Service Act and related statutes, and Executive Order 12742. See Schedule 1 of 15 CFR part 700 for a list of Delegate Agencies, approved programs, and program identification symbols at <http://www.bis.doc.gov/DefenseIndustrialBasePrograms/OSIES/DPAS/Default.htm>.

Defense Priorities and Allocations System (DPAS) means the regulation published at 15 CFR part 700 that requires preferential treatment for certain contracts and orders placed by a Delegate Agency in support of an approved program.

Delegate Agency means an agency of the U.S. Government authorized by delegation from the Department of Commerce (DOC) to place priority ratings on contracts or orders needed to support approved programs.

Rated order means, for the purpose of this contract, a delivery or task order issued in accordance with the provisions of the DPAS regulation (15 CFR part 700).

(b) Rated Order Requirement.

From time to time, the Contractor may receive a rated order under this contract from a Delegate Agency. The Contractor must give preferential treatment to rated orders as required by the Defense Priorities and Allocations System (DPAS) regulation (15 CFR part 700). The existence of previously accepted unrated or lower rated orders is not sufficient reason to reject a rated order. Rated orders take preference over all unrated orders as necessary to meet required delivery dates. There are two levels of ratings designated by the symbol of either "DO" or "DX." All "DO" rated orders have equal priority with each other and take preference over unrated orders. All "DX" rated orders have equal priority with each other and take preference over "DO" rated orders and unrated orders. The rating designation is followed by a program identification symbol. Program identification symbols indicate which approved program is supported by the rated order (see Schedule 1 of 15 CFR part 700 for a list of Delegate Agencies, approved programs, and program identification symbols).

(c) Additional information.

Additional information may be obtained at the DOC DPAS website <http://www.bis.doc.gov/DefenseIndustrialBasePrograms/OSIES/DPAS/Default.htm> or by contacting the designated Administrative Contracting Officer.

552.238-80 Use of Federal Supply Schedule Contracts by Certain Entities--Recovery Purchasing (FEB 2007)

(a) If an entity identified in paragraph (d) of the clause at 552.238-78, Scope of Contract (Eligible Ordering Activities)-- Alternate I, elects to place an order under this contract, the entity agrees that the order shall be subject to the following conditions:

(1) When the Contractor accepts an order from such an entity, a separate contract is formed which incorporates by reference all the terms and conditions of the Schedule contract except the Disputes clause, the patent indemnity clause, and the portion of the Commercial Item Contract Terms and Conditions that specifies "Compliance with laws unique to Government contracts" (which applies only to contracts with entities of the Executive branch of the U.S. Government). The parties to this new contract which incorporates the terms and conditions of the Schedule contract are the individual ordering activity and the Contractor. The U.S. Government shall not be liable for the performance or nonperformance of the new contract. Disputes which cannot be resolved by the parties to the new contract may be litigated in any State or Federal court with jurisdiction over the parties, applying Federal procurement law, including statutes, regulations and case law, and, if pertinent, the Uniform Commercial Code. To the extent authorized by law, parties to this new contract are encouraged to resolve disputes through Alternative Dispute Resolution. Likewise, a Blanket Purchase Agreement (BPA), although not a contract, is an agreement that may be entered into by the Contractor with such an entity and the Federal Government is not a party.

(2) Where contract clauses refer to action by a Contracting Officer or a Contracting Officer of GSA, that shall mean the individual responsible for placing the order for the ordering activity (e.g., Federal Acquisition Regulation 52.212-4 at paragraph (f) and FSS clause I-FSS-249 B).

(3) As a condition of using this contract, eligible ordering activities agree to abide by all terms and conditions of the Schedule contract, except for those deleted clauses or portions of clauses mentioned in paragraph (a)(1) of this clause. Ordering activities may include terms and conditions required by statute, ordinance, regulation, order, or as otherwise allowed by State and local government entities as a part of a statement of work (SOW) or statement of objective (SOO) to the extent that these terms and conditions do not conflict with the terms and conditions of the Schedule contract. The ordering activity and the Contractor expressly acknowledge that, in entering into an agreement for the ordering activity to purchase goods or services from the Contractor, neither the ordering activity nor the Contractor will look to, primarily or in any secondary capacity, or file any claim against the United States or any of its agencies with respect to any failure of performance by the other party.

(4) The ordering activity is responsible for all payments due the Contractor under the contract formed by acceptance of the ordering activity's order, without recourse to the agency of the U.S. Government, which awarded the Schedule contract.

(5) The Contractor is encouraged, but not obligated, to accept orders from such entities. The Contractor may, within 5 days of receipt of the order, decline to accept any order, for any reason. The Contractor shall fulfill orders placed by such entities, which are not declined within the 5-day

period.

(6) The supplies or services purchased will be used for governmental purposes only and will not be resold for personal use. Disposal of property acquired will be in accordance with the established procedures of the ordering activity for the disposal of personal property.

(7) The state or local government ordering activity will be responsible for purchasing products or services to be used to facilitate recovery from a major disaster declared by the President under the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 et seq.) or to facilitate recovery from terrorism or nuclear, biological, chemical, or radiological attack.

(b) If the Schedule Contractor accepts an order from an entity identified in paragraph (d) of the clause at 552.238-78, Scope of Contract (Eligible Ordering Activities)--Alternate I, the Contractor agrees to the following conditions--

(1) The ordering activity is responsible for all payments due the Contractor for the contract formed by acceptance of the order, without recourse to the agency of the U.S. Government, which awarded the Schedule contract.

(2) The Contractor is encouraged, but not obligated, to accept orders from such entities. The Contractor may, within 5 days of receipt of the order, decline to accept any order, for any reason. The Contractor shall decline the order using the same means as those used to place the order. The Contractor shall fulfill orders placed by such entities, which are not declined within the 5-day period.

(c) In accordance with clause 552.238-74, Industrial Funding Fee and Sales Reporting, the Contractor must report the quarterly dollar value of all sales under this contract. When submitting sales reports, the Contractor must report two dollar values for each Special Item Number--

(1) The dollar value for sales to entities identified in paragraph (a) of the clause at 552.238-78, Scope of Contract (Eligible Ordering Activities)--Alternate I; and

(2) The dollar value for sales to entities identified in paragraph (d) of clause 552.238-78, Alternate I.

I-FSS-599 ELECTRONIC COMMERCE—FACNET (SEP 2006)

(a) General Background.

The Federal Acquisition Streamlining Act (FASA) of 1994 establishes the Federal Acquisition Computer Network (FACNET) requiring the Government to evolve its acquisition process from one driven by paperwork into an expedited process based on electronic commerce/electronic data interchange (EC/EDI). EC/EDI means more than merely automating manual processes and eliminating paper transactions. It can and will help to move business processes (e.g., procurement, finance, logistics, etc.) into a fully electronic environment and fundamentally change the way organizations operate.

(b) Trading Partners and Value-Added Networks (VAN's).

Within the FACNET architecture, electronic documents (e.g., orders, invoices, etc.) are carried between the Federal Government's procuring office and contractors (now known as "trading partners"). These transactions are carried by commercial telecommunications companies called Value-Added Networks (VAN's).

EDI can be done using commercially available hardware, software, and telecommunications. The selection of a VAN is a business decision contractors must make. There are many different VAN's which provide a variety of electronic services and different pricing strategies. If your VAN only provides communications services, you may also need a software translation package.

(c) Registration Instructions.

DOD will require Contractors to register as trading partners to do business with the Government. This policy can be reviewed via the INTERNET at http://www.defenselink.mil/releases/1999/b03011999_bt079-99.html.

To do EDI with the Government, Contractors must register as a trading partner. Contractors will provide regular business information, banking information, and EDI capabilities to all agencies in this single registration. A central repository of all trading partners, called the Central Contractor Registration (CCR) <http://www.ccr.gov/>, has been developed. All Government procuring offices and other interested parties will have access to this central repository. The database is structured to identify the types of data elements which are public information and those which are confidential and not releasable.

To register, contractors must provide their Dun and Bradstreet (DUNS) number. The DUNS number is available by calling 1(800)333-0505. It is provided and maintained free of charge and only takes a few minutes to obtain. Contractors will need to provide their Tax Identification Number (TIN). The TIN is assigned by the Internal Revenue Service by calling 1(800)829-1040. Contractors will also be required to provide information about company bank or financial institution for electronic funds transfer (EFT).

Contractors may register through on-line at <http://www.ccr.gov/> or through their Value Added Network (VAN) using an American National Standards Institute (ANSI) ASC X12 838 transaction set, called a "Trading Partner Profile." A transaction set is a standard format for moving electronic data. VAN's will be able to assist contractors with registration.

(d) Implementation Conventions.

All EDI transactions must comply with the Federal Implementation Conventions (IC's). Many VAN's and software providers have already built the IC requirements into their products. If you need to see the IC's, they are available on a registry maintained by the National Institute of Standards and Technology (NIST). It is accessible via the INTERNET at <http://www.itl.nist.gov/lab/csl-pubs.htm>. IC's are available for common business documents such as Purchase Order, Price Sales Catalog, Invoice, Request for Quotes, etc.

(e) Additional Information.

GSA has additional information available for vendors who are interested in starting to use EC/EDI. Contact the Contracting Officer for a copy of the latest handbook. Several resources are available to

vendors to assist in implementing EC/EDI; specific addresses are available in the handbook or from the Contracting Officer:

- (1) Electronic Commerce Resource Centers (ECRC's) are a network of U.S. Government-sponsored centers that provide EC/EDI training and support to the contractor community. They are found in over a dozen locations around the country.
- (2) Procurement Technical Assistance Centers (PTAC's) and Small Business Development Centers (SBDC's) provide management assistance to small business owners. Each state has several locations.
- (3) Most major US cities have an EDI user group of companies who meet periodically to share information on EDI-related subjects.

(f) GSA Advantage!TM.

(1) GSA Advantage!TM will use this FACNET system to receive catalogs, invoices and text messages; and to send purchase orders, application advice, and functional acknowledgments. GSA Advantage!TM enables customers to:

- (i) Perform database searches across all contracts by manufacturer; manufacturer's model/part number; vendor; and generic product categories.
- (ii) Generate their own EDI delivery orders to contractors, generate EDI delivery orders from the Federal Supply Service to contractors, or download files to create their own delivery orders.
- (iii) Use the Federal IMPAC VISA.

(2) GSA Advantage!TM may be accessed via the GSA Home Page. The INTERNET address is: <http://www.gsa.gov>, or <http://www.fss.gsa.gov>.

I-FSS-600 CONTRACT PRICE LISTS (JUL 2004)

(a) Electronic Contract Data.

- (1) At the time of award, the Contractor will be provided instructions for submitting electronic contract data in a prescribed electronic format as required by clause 552.238-71, Submission and

Distribution of Authorized FSS Schedule Price Lists.

(2) The Contractor will have a choice to transmit its file submissions electronically through Electronic Data Interchange (EDI) in accordance with the Federal Implementation Convention (IC) or use the application made available at the time of award. The Contractor's electronic files must be complete; correct; readable; virus-free; and contain only those supplies and services, prices, and terms and conditions that were accepted by the Government. They will be added to GSA's electronic ordering system known as GSA Advantage!, a menu-driven database system that provides on-line access to contract ordering information, terms and conditions, up-to-date pricing, and the option to create an electronic order. The Contractor's electronic files must be received no later than 6 months after award. Contractors should refer to clause I-FSS-597, GSA Advantage! for further information.

(3) Further details on EDI, ICs, and GSA Advantage! can be found in clause I-FSS-599, Electronic Commerce.

(4) The Contractor is encouraged to place the GSA identifier (logo) on their web site for those supplies or services covered by this contract. The logo can link to the contractor's Federal Supply Schedule price list. The identifier URL is located at <http://apps.fss.gsa.gov/partnership/logos.cfm>. All resultant "web price lists" shown on the contractor's web site must be in accordance with section (b)(3)(ii) of this clause and nothing other than what was accepted /awarded by the Government may be included. If the contractor elects to use contract identifiers on its website (either logos or contract number) the website must clearly distinguish between those items awarded on the contract and any other items offered by the contractor on an open market basis.

(5) The contractor is responsible for keeping all electronic catalog data up to date; e.g., prices, product deletions and replacements, etc.

(b) Federal Supply Schedule Price Lists.

(1) The Contractor must also prepare, print, and distribute a paper Federal Supply Schedule Price List as required by clause 552.238-71, Submission and Distribution of Authorized FSS Schedule Price Lists. This must be done as set forth in this paragraph (b).

(2) The Contractor must prepare a Federal Supply Schedule Price List by either:

(i) Using the commercial catalog, price list, schedule, or other document as accepted by the Government, showing accepted discounts, and obliterating all items, terms, and conditions not accepted by the Government by lining out those items or by a stamp across the face of the item stating "NOT UNDER CONTRACT" or "EXCLUDED"; or

(ii) Composing a price list in which only those items, terms, and conditions accepted by the Government are included, and which contain only net prices, based upon the commercial price list less discounts accepted by the Government. In this instance, the Contractor must show on the cover page the notation "Prices Shown Herein are Net (discount deducted)".

(3) The cover page of the Federal Supply Schedule Price List must include the following information prepared in the format set forth in this subparagraph (b)(3):

I-FSS-646 BLANKET PURCHASE AGREEMENTS (MAY 2000)

Blanket Purchase Agreements (BPA's) can reduce costs and save time because individual orders and invoices are not required for each procurement but can instead be documented on a consolidated basis. The Contractor agrees to enter into BPA's with ordering activities provided that:

- (a) The period of time covered by such agreements shall not exceed the period of the contract including option year period(s);
- (b) Orders placed under such agreements shall be issued in accordance with all applicable regulations and the terms and conditions of the contract; and
- (c) BPAs may be established to obtain the maximum discount (lowest net price) available in those schedule contracts containing volume or quantity discount arrangements.

**I-FSS-969 ECONOMIC PRICE ADJUSTMENT—FSS MULTIPLE AWARD
SCHEDULE (JAN 2002)**

Price adjustments include price increases and price decreases. Adjustments will be considered as follows:

- (a) Contractors shall submit price decreases anytime during the contract period in which they occur. Price decreases will be handled in accordance with the provisions of the Price Reduction Clause.
- (b) There are two types of economic price adjustments (EPAs) possible under the Multiple Award Schedules (MAS) program for contracts not based on commercial catalogs or price lists as described below. Price adjustments may be effective on or after the first 12 months of the contract period on the following basis:
 - (1) Adjustments based on escalation rates negotiated prior to contract award. Normally, when escalation rates are negotiated, they result in a fixed price for the term of the contract. No separate contract modification will be provided when increases are based on negotiated escalation rates. Price increases will be effective on the 12-month anniversary date of the contract effective date, subject to paragraph (f), below.
 - (2) Adjustments based on an agreed-upon market indicator prior to award. The market indicator, as used in this clause, means the originally released public index, public survey or other public, based market indicator. The market indicator shall be the originally released index, survey or market indicator, not seasonally adjusted, published by the [to be negotiated], and made available at [to be identified]. Any price adjustment shall be based on the percentage change in the

designated (i.e. indicator identification and date) market indicator from the initial award to the latest available as of the anniversary date of the contract effective date, subject to paragraph (e), below. If the market indicator is discontinued or deemed no longer available or reliable by the Government, the Government and the Contractor will mutually agree to a substitute. The contract modification reflecting the price adjustment will be effective upon approval by the Contracting Officer, subject to paragraph (g), below. The adjusted prices shall apply to orders issued to the Contractor on or after the effective date of the contract modification.

(c) Notwithstanding the two economic price adjustments discussed above, the Government recognizes the potential impact of unforeseeable major changes in market conditions. For those cases where such changes do occur, the contracting officer will review requests to make adjustments, subject to the Government's examination of industry-wide market conditions and the conditions in paragraph (d) and (e), below. If adjustments are accepted, the contract will be modified accordingly. The determination of whether or not extra-ordinary circumstances exist rests with the contracting officer. The determination of an appropriate mechanism of adjustment will be subject to negotiations.

(d) Conditions of Price change requests under paragraphs b(2) and c above.:

(1) No more than three increases will be considered during each succeeding 12-month period of the contract. (For succeeding contract periods of less than 12 months, up to three increases will be considered subject to the other conditions of subparagraph (b)).

(2) Increases are requested before the last 60 days of the contract period, including options.

(3) At least 30 days elapse between requested increases.

(4) In any contract period during which price increases will be considered, the aggregate of the increases during any 12-month period shall not exceed percentage to be determined percent ((TBD%)%) of the contract unit price in effect at the end of the preceding 12-month period. The Government reserves the right to raise the ceiling when market conditions during the contract period support such a change.

(e) The following material shall be submitted with request for a price increase under paragraphs b(2) and c above:

(1) A copy of the index, survey or pricing indicator showing the price increase and the effective date.

(2) Commercial Sales Practice format, per contract clause 52.215-21 Alternate IV, demonstrating the relationship of the Contractor's commercial pricing practice to the adjusted pricing proposed or a certification that no change has occurred in the data since completion of the initial negotiation or a subsequent submission.

(3) Any other documentation requested by the Contracting Officer to support the reasonableness of the price increase.

(f) The Government reserves the right to exercise one of the following options:

(1) Accept the Contractor's price increases as requested when all conditions of (b), (c), (d), and (e) of this clause are satisfied;

(2) Negotiate more favorable prices when the total increase requested is not supported; or,

(3) Decline the price increase when the request is not supported. The Contractor may remove the item(s) from contract involved pursuant to the Cancellation Clause of this contract.

(g) Effective Date of Increases: No price increase shall be effective until the Government receives the electronic file updates pursuant to GSAR 552.243-72, Modifications (Multiple Award Schedule).

(h) All MAS contracts remain subject to contract clauses GSAR 552.238-75, "Price Reductions"; and 552.215-72, "Price Adjustment -- Failure to Provide Accurate Information." In the event the application of an economic price adjustment results in a price less favorable to the Government than the price relationship established during negotiation between the MAS price and the price to the designated customer, the Government will maintain the price relationship to the designated customer.

The General Services Administration (GSA) has included an option to extend the term of this contract in order to demonstrate the value it places on quality performance by providing a mechanism for continuing a contractual relationship with a successful offeror that performs at a level which meets or exceeds GSA's quality performance expectations as communicated to the Contractor, in writing, by the Contracting Officer or designated representative. 552.212-73 EVALUATION—COMMERCIAL ITEMS (MULTIPLE AWARD SCHEDULE) (AUG 1997)

(a) The Government may make multiple awards for the supplies or services offered in response to this solicitation that meet the definition of a "commercial item" in FAR 52.202-1. Awards may be made to those responsible offerors that offer reasonable pricing, conforming to the solicitation, and will be most advantageous to the Government, taking into consideration the multiplicity and complexity of items of various manufacturers and the differences in performance required to accomplish or produce required end results, production and distribution facilities, price, compliance with delivery requirements, and other pertinent factors. By providing a selection of comparable supplies or services, ordering activities are afforded the opportunity to fulfill their requirements with the item(s) that constitute the best value and that meet their needs at the lowest overall cost.

(b) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

Begin Regulation

CI-FSS-151 ADDITIONAL EVALUATION FACTORS FOR AWARD (MAR 2008)

(a) The Government will consider award for a responsible Offeror, whose offer conforms to all solicitation requirements, is determined technically acceptable, has acceptable past performance, and whose prices are determined fair and reasonable.

(1) Section I Administrative/Contract Data: Section I Administrative/Contract Data will be evaluated for its successful completion of all requirements outlined in the Instructions to Offerors in Part II of the Solicitation Document. The firm must be determined financially responsible based on the financial information provided.

(2) Section II Technical Proposal:

(i) Section II Technical Proposal will be reviewed, evaluated and rated acceptable or unacceptable (Go/No Go) based on the four technical evaluation factors described in the Specific Proposal Submission Instructions to Offerors in the Cover Page of the Solicitation document. Award will be made on a SIN-by-SIN basis. A rating of "unacceptable" under any evaluation factor will result in an "unacceptable" rating overall for that SIN. Offers determined technically unacceptable for all proposed SINs will be

rejected.

(ii) Factor One – *Corporate Experience*: Failure to provide the information as described in the Specific Proposal Submission Instructions for Factor One will result in an “unacceptable” rating for that SIN. The Offeror shall have demonstrated that the firm can successfully perform, administer and complete ordering activity tasks that may be awarded against a contract awarded under this solicitation. They must also demonstrate that the services proposed for each SIN are within the Scope of Work in Part I of this solicitation.

(iii) Factor Two – *Relevant Project Experience*: The Offeror must submit the information described in Factor Two of the Specific Proposal Submission Instructions located on the Cover Page of the solicitation, and must also demonstrate the successful completion of orders which are of a similar or greater complexity to the orders described in the statement of work in Part I of the solicitation.

(iv) Factor Three – *Past Performance*: Failure to provide information as described in Factor Three of the Specific Proposal Submission Instructions may result in an “unacceptable” rating for the Technical Proposal. The results of the Open Ratings Past Performance Evaluation will be considered, along with other information available to the Contracting Officer in determining the past performance rating of the Offeror. The Government reserves the right to consider any other pertinent information which comes to the attention of the Government regarding the Offeror’s past performance. The Government will consider the Offeror’s performance in the following key areas: Overall Performance, Reliability, Cost, Order Accuracy, Delivery/Timeliness, Quality, Business Relations, Personnel, Customer Support, and Responsiveness. Those Offerors demonstrating a pattern of consistent acceptable performance will receive an acceptable rating.

(v) Factor Four – *Quality Control Plan*: Failure to provide the required information as described in Factor Four of the Specific Proposal Submission Instructions to Offerors may result in an “unacceptable” rating for the Technical Proposal.

(vi) Offerors are on notice that proposals that are unrealistic in terms of technical commitment, lack technical competence, or are indicative of failure to comprehend the complexities and risks of solicitation requirements will be rejected.

(3) Section III Price Proposal:

(i) Section III Price Proposal will be evaluated for its successful completion of all requirements outlined in the Specific Proposal Submission Instructions in the Cover Page of the solicitation document. In order for the Section III Pricing proposal to be rated acceptable, the Contracting Officer must determine that the proposed pricing is fair, reasonable, and supportable, based on the submission of sufficient pricing information as outlined in the Proposal Submission Special Instructions.

(ii) The proposed pricing must be advantageous to the Government, and inclusive of the Industrial Funding Fee (IFF). If the rates offered are not “equal to or lower than” the MFC, an acceptable justification must be provided.

Note: The Government reserves the right to award without discussions. Therefore, the Offeror's initial proposal should contain the best terms from a price and technical standpoint.

(h) *Certification Regarding Responsibility Matters (Executive Order 12689)*. The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals --

- (1) _____ Are, _____ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;
- (2) _____ Have, _____ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;
- (3) _____ Are, _____ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and
- (4) _____ Have, _____ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

- (A) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.
- (B) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

- (A) The taxpayer has received a statutory notice of deficiency, under I.R.C. § 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.
- (B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. § 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.
- (C) The taxpayer has entered into an installment agreement pursuant to I.R.C. § 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. § 362 (the Bankruptcy Code).
